Addendum to Non-Degree Registration Form

This Addendum is to be used to gather signatures of faculty and School directors to allow non-degree students to register for courses not found on the Courses Available to the Public schedule. In addition to completing the online registration form found on MyNaropa under the Public Registration tab, this form must be signed and returned to the Registration office before a student will be registered for any course not designated as “Available to the Public”.

Non-degree students are added on a space-available basis on the first day of classes.

Non-Naropa students will not be added to full classes.
